48" MSRP
\$74.95

TOUGH. DURABLE. HIGH-PERFORMANCE. SCRAPES! CHIPS! PUSHES!

WHY THE SNOW PLOW SNOW PUSHER IS THE BEST

D-Grip Handle: Designed to fit bulky, gloved hands the D style grip allows for a comfortable, powerful, ergonomic position.

BOSS Reflective Strip: The added safety reflector provides visibility for crews working at night near traffic.

BOSS Red Fiberglass, Reinforced Handle: The reinforced core insert plug provides additional strength and durability with twice the wall thickness of the industry standard.

Hexhead Fasteners: Zinc fasteners make replacing components simple even after years of use in tough conditions.

TuffBrace: The patented handle/blade connector provides a strong connection between the blade and shaft for durability and performance.

UHMW Poly Blade: Built for the abuse of the season, this highest wearing, impact resistant, cold weather adaptable, premium blade material provides unmatched scraping performance.
