

New for 2019-2020

Truck Equipment

DXT with D-Force

- ⊗ DXT, the only true dual-trip plow on the market, is even better with the added option of D-Force.
- ⊗ D-Force maintains consistent hydraulic down force to greatly enhance back dragging performance.
- ⊗ **Available on new installations only.**

Ice Control Equipment

FORGE 2.0 Long Bed

- ⊗ Designed to fit long bed trucks.
- ⊗ 8' hopper for ease of filling with loader bucket.
- ⊗ Pintle Chain or Auger Feed.

Exact Path 1.5

- ⊗ Drop spreader for ATVs and Mid-Size UTVs.
- ⊗ 1.5 cu. ft. capacity and 32" drop width.
- ⊗ Available Fall 2019 | **Limited quantities.**

Heavy Equipment

SK-R 6

- ⊗ Compact box plow for tractors, skid steers and other maintenance vehicles.
- ⊗ Articulating shoes made from 3/4" AR400 for long-term durability.
- ⊗ Reversible 1-1/2" thick rubber cutting edge for longer wear and excellent scraping performance.
- ⊗ Low-profile moldboard for better visibility and easy access to the cab.

New for 2019-2020

Truck Equipment Accessories

Adjustable DXT Trip Force Torsion Spring Kit

- ⊗ Available for DXT only.
- ⊗ Chrome silicon springs for better spring memory, spring force, and reduced spring fatigue.

EXT Joystick Controller

- ⊗ Versatility of a joystick now available for EXT.

Drag Pro Rubber Cutting Edge

- ⊗ Protect sensitive surfaces while scraping more cleanly and efficiently with the Drag Pro rear plow.

Heavy Equipment Accessories

Back Drag Edge Kit

- ⊗ Improved scraping performance when back dragging now available for 6', 8', 10' and 12' skid-steer box plows.
- ⊗ Kit also retrofits all SK box plows.

Ice Control Equipment Accessories

FORGE Spill Guards

- ⊗ Protect the bed of the truck from salt spills when filling FORGE 1.0, 1.5 and 2.0 spreaders (excludes FORGE Long Bed).
- ⊗ Spill guards widen top width of spreader, making loading with loader buckets easier.
